

# Where are we?

## Homework Project

In our Geography topic this half term is:

Where are we?

We will be learning about two locations:

Wolverhampton and Pwllheli in Wales

For your homework project, I would like you to bring into school something that you have researched or created about our topic.

Ideas for your project could be...

- Fact file
- Painting/Drawing
- Model of a place or building from one of the locations.

You can be as creative as you like.

Thank you

Mrs Rawson
