

Harry Potter

It is your first year at Hogwarts School of Witchcraft and Wizardry and you could not be more excited. You were just sorted into your dream house and you had dinner with your new classmates. It is time to head back to the common room and get to know your roommates.

As you head into the cosy room, the house prefect announces that you have a fun team building activity to complete before you get too settled into your new digs. The house prefect tells you about a new mugle trend where they lock themselves in rooms and have to answer puzzles to get out - no magic at all!
